

PROFESSIONAL SUMMARY

Motivated **Java Full Stack Developer** with academic and internship experience in designing, developing, and deploying web applications. Proficient in Java, JDBC, JSP/Servlets, MySQL, Spring Boot, and Hibernate with knowledge of REST API, object-oriented programming, and database management. Skilled in debugging, problem-solving, and collaborating in Agile teams. Passionate about contributing to innovative projects while continuously learning emerging technologies.

TECHNICAL SKILLS

- Languages: Java, SQL
- Web Technologies: HTML5, CSS3, JavaScript (Basics)
- Frameworks & Tools: Spring Boot (basic), Hibernate (basic), REST API (basic), JDBC, Git, Eclipse, VS Code
- Database: MySQL
- Core Concepts: OOPs, JDBC, Collections, Switch-case, Exception Handling, SDLC, MVC Architecture

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Tap Academy, Bengaluru (Feb 2025 – July 2025)

- Developed and deployed responsive web applications integrating Java and front-end technologies.
- Designed backend logic, improved database performance (MySQL + JDBC), and handled CRUD operations.
- Worked with REST APIs and collaborated with senior developers to implement feature enhancements.
- Learned Agile methodology and Git-based version control.

PROJECTS

E-Commerce Web Application — [GitHub](#) | [Video](#)

- Built a full-stack e-commerce web application using Java, JSP/Servlets, JDBC, and MySQL, following MVC architecture.
- Implemented user authentication, product catalog, and shopping cart functionality with dynamic database connectivity.

Library Management System (Java + JDBC + MySQL) - [GitHub](#)

- Developed a console-based system for managing books, members, and transactions.
- Implemented CRUD operations and organized code using OOP design.

Tic Tac Toe Game (Java) - [GitHub](#)

- Built a two-player console-based game in Java with clean modular structure.
- Implemented core game logic, win/draw detection, and structured turn-based flow.

EDUCATION

- B.E. — Computer Science and Engineering — Christ the King Engineering College — 2025 | GPA: 8.1
- HSC — Government Higher Secondary School — 2021 | 85%
- SSLC — Government High School — 2019 | 80%

CERTIFICATIONS

- Java Full Stack Web Development — Tap Academy, Bengaluru (Issued July – 2025)
- Certified in Java Full Stack Web Development (6-month program)

CORE STRENGTHS

Analytical Thinking | Problem Solving | Team Collaboration | Effective Communication | Time Management | Adaptability

LANGUAGES KNOWN — Tamil, English

HOBBIES — Exploring new technologies, Listening to music
